

## BE PART OF THE FUTURE.

Many people still think Oldsmobile is long gone, but no. We are on the go for the future. Oldsmobile is very much alive and well, as one of the world's most innovative companies.

Oldsmobile is a brand of American automobiles produced for most of its existence by General Motors. Olds Motor Vehicle Co. was founded by Ransom E. Olds in 1897. It produced over 35 million vehicles, including at least 14 million built at its Lansing, Michigan factory alone. Today we are starting a new chapter. BlackStar, is the future car.

## Unbelievable detail.

Every detail on the BlackStar is precision made with super-cnc and designed by our team.

500 km/h Top Speed

5000m Flight Height

Unlimited Power

## Powerful innovation.

Blasting top speeds on ground and in air combined with unlimited power.

Welcome to the future of travelling. Go anywhere you want in any way you want, whenever you want. We're changing the way the world moves.

## Speed. Altitude. Sustainability.

BlackStar is now the absolute fastest car in the world, but that's not enough, it is also the highest car ever. With ground and air speeds faster than ever seen before BlackStar changes the game of personal travelling, and you are invited to join us.

Welcome to the future.
